

EQUIPMENT RENTAL FORM

2024 Season

The San Diego Youth Aztecs Youth Football program offers gear rental, but given the increased cost of purchasing new equipment, certifying existing equipment as well as the challenges of recovering existing equipment from athletes after the season, has forced us to take these measures to protect our assets for the next generation of football families. Without equipment to offer new and existing families our Youth football organization will not be able to operate. Our goal is to retrieve our equipment after the season is over, so we may take inventory and re-certify it as quickly as possible and not be delayed due to supply chain issues facing the industry. We cannot achieve this if families do not return our gear in a timely matter.

We hope things change in the future as our goal is to keep all cost down as much as possible. However, the current situation during the last 3 years is not sustainable, as close to 15% of our rented gear rented each year is never returned. If you have gear that has not been returned, you are **NOT** eligible to return to the San Diego Youth Aztecs football organization.

Given all these factors and after careful consideration over the past 3 years, we have concluded that all equipment rentals will require a \$100 rental fee and \$100 deposit. There will also be a requirement to provide a photocopy of the renters ID and a major credit card. **In the event we cannot retrieve our gear after December 1st, 2024, the \$100 deposit is forfeited, and an additional \$300 credit card charge will be invoked.** We are aware that things do come up, If there are any circumstance where equipment cannot be returned before December 1st, 2024 it is up to the renter to notify us asap at sd youthaztecs@gmail.com and coordinate a date, time and location for the return of the rented gear.
